May Newsletter 2005

A Note from the President:

Well summer is finally here? We continue to move forward and your fellow members appreciate everyone's help. We have added a sponsor page to the newsletter, which will help offset the cost of distribution. Please check it out and support those who support us.

The access system is up and running. I have personally contacted or tried to everyone that paid for the system. If you were not notified, please contact me at my work number (810) 632-4837. All training will be held at 9:00am prior to pistol fun shoots.

We have started and will continue with monthly fun shoots. The next one is scheduled for Sunday, June 5th from 11:00 - 4:00, outside range (weather permitting) otherwise inside range. We are also in the process of scheduling a "modern style" cowboy fun shoot and a shotgun fun shoot for the months of July and August. Anyone that is knowledgeable in the "cowboy" style shooting, please contact Jeff Lane (810) 750-0655. He needs your help organizing this. This would be a great addition to the club, allowing us to experience not only pistols, but rifles and shotguns (while trying to protect our money bags)....

Special Thanks to:

RO Training: Milt Williams and Chet Susalla

Indoors access system: Foresight by prior board and Al Murray.
Installation of system: Andy Lekarczyk, Chuck McQuillan. Training

was not mentioned, please forgive us, but your help never goes
unappreciated.

** We are still looking for a bulldozer and possibly a front loader to
perform various projects around the club. If you have the equipment,
know someone who does, or have a line on a discount please call as
soon as possible (810) 632-4837

As always, stay safe and shoot straight.
